

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gregory T. Lowen on 8-12-09.

Claim 31: page 7 (of the amendment), the third line from the bottom of the page, delete "**The**" and insert -- A-- in its place. Also, on the same line, delete "**as defined in claim 1**".

### *Allowable Subject Matter*

Applicant's amendment of 6-22-09 has been considered. Applicant has deleted step (i) in claim 37 which has rendered moot the rejection of 112/2nd. With no other outstanding rejection, pending claims 1-32, 37 and 38 are allowed.

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of a substituted quinazoline compound of formula I having (at the 5-position) a side chain of  $(R^3, R^4)\text{-N-C}(R^2, R^{2a})\text{-C}(R^1, R^{1a})\text{-O-}$ , and also substituents at the 4- and 7-positions. The closest reference, Hennequin et. al. (cited previously), teaches a relevant compound. However, the side chain at the 5-

position has a group of  $-C(O)-A$  which is not on the instant formula I. Thus, it does not anticipate, nor can it render obvious the instant invention for lack of motivation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TAMTHOM N. TRUONG whose telephone number is (571)272-0676. The examiner can normally be reached on M, T and Th (9:00-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. James O. Wilson can be reached on 571-272-0661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
